THE TIMES.
WEDNESDAY, JUNE 7, 1905

Prospect Notes.

DEAR TIMES: The prospects for fine crops of grain and fruit "down this way" are most excellent and, if nices continue satisfactory, our ople will be shaking hands with nsperity notwithstanding the results of the election last November, but if prices drop, and drought comes, or hail destroys them, of course, Mr. Roosevelt will have to bear all the blame.

Mr. Jamie Crawley, after spending several days with his parents recently, has returned to his home at Blackstone.

Mr. Edwin Harris recently spent a few days at home in Prospect.

Barnett Brightwell is now clerking for R. J. Carter.

After a few days visit at home Mr. Hunter Brightwell has returned to the Eastern Shore, where he is in business.

Last week Mrs. Daniel Wilkerson and her sister, Miss Sallie Wilkerson were visiting friends in the Olive Branch neighborhood.

Children's Day will be observed at Prospect church on the 3rn Sunday in June (18) and a very interesting program is being prepared.

Rev. P. M. Bell preached to a large and appreciative congregation yesterday at Glenn school house.

Last week Mr. T. W. Crawley had a valuable horse seriously hurt. The animal is improving and will soon be able to work again.

Corn in the parsonage garden is lassseling; tomatoes are as large as a quarter dollar pieces and potatoes are abundant.

Capt. W. E. O'Connor is at home for a few days rest.

Miss Willie Stanley, of West Appomattox, is visiting her cousin, Miss Jessie O'Connor.

Mr. R. L. Hubbard has a very sick baby with the whooping cough.

Walter Jenkins is about well of the mumps and will return to his place of business next week in West Virginia.

I understand the Kittinger place has been sold to a Mr. Kryon. All industrious, progressive settlers will find a welcome among us.

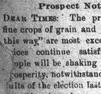
Old Prince Edward is a good county to settle in. Let others come.

How to Ward off Disease.

Prevention is better than cure. Guarding all the approaches to the system is the way to maintain a vigorous condition. This can be done by the use of blood suited to your age and condition, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Carter & Atwood, Appomattox, R. J. Carter, Prospect, E. F. Glover, Evergreen.

DO YOU GET UP
WITH A LAME BACK?

Kidney Trouble Makes You Miserable.



Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Buy yourself a Home while our loads are cheap. Come to see us, small cash payment required. Call for big list of Farms.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

MARLIN The Marlin 12 Gauge Take-Down Repeater,

is the fastest and most accurate duck gun made. It combines the balance and ease of action of the best double gun with the superior shooting and sighting of a single barrel. The unique Marlin Breechbolt which shuts out rain and water and keeps the shells dry, makes it the ideal bad-weather gun. Made for both black and smokeless powders and to take heavy loads easily. A famous gun for hard usage. There are a lot of good duck stories in the Marlin Repeater Book—we will Catalogue for 3 stamps.

Hurtsville

Some of our people are preparing their wheat land, but is is a hard job.

Another airplane passed over Hurtsville Sunday.

We are to have a new lumber outfit on the Tom Gary tract.

Some of our farmers are shucking corn, but I think it is a little too green to put any large amount in one pile.

Having talked with two wheelwrights and being something of one myself, we are all of the opinion that where this long dry spell has loosened the tires on one of my wagons that has been run about 12 months are loose.

Supervisor Preparing to Take Census

With headquarters in his law offices in the Echols building, Staunton, Va., Wm. H. Landes, recently appointed Supervisor for the 10th District of Virginia in the taking of the 1920 census, is already mapping out his plans of operation.

Enumerating the population is a great task and one that requires great care and no little tact. In his work Mr Landes will probably employ more than one hundred persons in his district for a period of from fifteen to thirty days, and he is now on the lookout for persons to help him in the task.

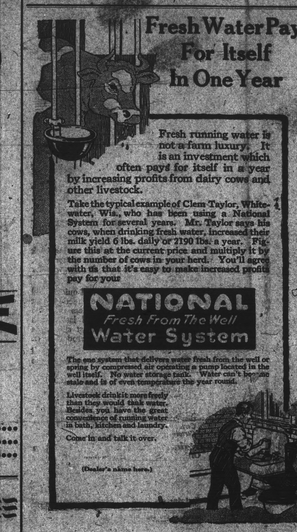
In the entire district there will probably be 135 to 140 subdivisions, each of which will require the employment of one enumerator, who is to be appointed by Supervisor Landes, subject to the approval of the Director of the Census and following an examination as to fitness for the work at hand.

The Tenth Congressional District embraces the counties of Amherst, Appomattox, Augusta, Alleghany, Bath, Botetourt, Buckingham, Cumberland, Pittsylvania, Highland, Nelson, Rockbridge and Craig, and the cities of Staunton, Clifton Forge and Buena Vista. In Augusta county alone there are six magisterial districts and these will probably be divided into three or four enumeration districts each. So it can be seen that more than a score of enumerators will be required to handle the work in the county alone. The plan for the division of the district into enumeration districts is based on the 1910 census.

The actual work of the taking the census will not begin until some time in the Spring and the rural districts will last for thirty days while only half that time will be required in the cities, where the population is more accessible. The actual date for the census has

(Continued on page 4)

Fresh Water Pays For Itself In One Year



Fresh running water is not a farm luxury. It is an investment which often payd for itself in a year by increasing profits from dairy cows and other livestock.

Take the typical example of Clem Taylor, Whitewater, Wis., who has been using a National System for several years. Mr. Taylor says his cows, when drinking fresh water, increased their milk yield 6 lbs. daily or 2190 lbs. a year. Figure this at the current price and multiply it by the number of cows in your herd. You'll agree with us that it's easy to make increased profits pay for your

NATIONAL
Fresh from The Well
Water System

The one system that delivers water fresh from the well or spring by compressed air operating a pump located in the well itself. No water storage tank. Water can't freeze and is of ever temperature the year round.

Livestock drinks more freely
than they would think possible.
Besides you have the great convenience of running water in bath, kitchen and laundry.

Come in and talk it over.

PRINCE ALBERT
the national joy smoke
makes a whale of a cigarette!

Copyright 1919 by R. J. Reynolds Tobacco Co.

YOU certainly get yours when you lay your smokegoods on the table, call for a fifty-red tin of toddy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P.A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and rolls just like a seasoned pal!

Prince Albert appeals any notion you ever had as to how delightful a fragrant pipe can be! It is the tobacco that has made history-men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

OLD BUCKINGHAM.

THE GRAND OLD COUNTY PHOTOGRAPHED

Many Interesting Reports Made of Her People.

There was great disappointment at Bethlehem church on Sunday morning when the great crowd assembled there to hear preaching and it was found that the minister who was to preach was too sick to come; however, a lady did some good talking. In the afternoon this lady worker spoke on the importance of Sunday school work; she said a great many men thought that Sunday schools were for women and children, but she based her remarks on what she read in the Bible of the first Sunday school of which we have a record; and that was attended by men and women. The Bethlehem people had prepared a sumptuous dinner for the great crowd and they enjoyed the social feature.

I sold on the local market apples at $4 a barrel; pears at $1 80 a bushel, and smoked hams at 35 cents per pound; prices at present generally have declined, but hams are in demand at 45c.

There is a surplus of pigs on the market, each owner trying to get rid of feeding them the coming winter.

Mr. W. W. Major, an aged veteran of the Civil war, has decided to by the Soldiers' Home in Richmond, but I doubt if the change from home living will suit him.

Mrs. W. J. Hubard was a visitor in Richmond the past week.

Mrs. Morise, the graceful writer for the Dillwyn paper, is on her vacation and we missed her sprightly news letter.

When we think of the many homes in the community where there are no children and then read of the many orphans made by the race of inliocns and during the world war, it seems that homes here would be open to many of these orphans.

The people of Virginia were pleased to note that Congressman Flood had returned from Europe, and hope that Senator Martin and President Wilson may soon be well again.

Mr. Jack Harper continues quite feeble at his home near here.

Dr. Morris returned from a trip to Richmond on Saturday.

At one place sugar was selling for 11c and at others at 12c but it is to be had in quantities now.

Buckingham Honors Returned Soldiers

(Farmville Herald)

Everyone, perhaps, within a radius of fifty miles is familiar with the unique and beautiful elevation known as Willis' Mountain.

The visitor to this mountain number many thousands, and now that the little villa of Mr John Sheppard has been established there, it is more than ever used for a pleasure ground, for among other attractions there is a beautiful spring walled in with concrete from which flows the purest and best water that can be found in the world.

Many picnics have been held there this summer but perhaps no gathering which has ever been held there equals the "Welcome Home" picnic which was held at this place on Saturday, Sept. 27, 1919.

To Mrs. Julia Kyle is due the entire credit of the success of this magnificent affair. The size of the crowd that was present is variously estimated, but it is safe to say that it numbered between five hundred and a thousand people, and the heavily loaded tables which were built for the occasion testified to the fact that our soldier boys are considered worthy of the best in the land, and if the home folks can prevent it they shall never go hungry. The entire crowd feasted, and still there was sufficient left to feed a multitude.

From the elevated portions of the little valley many pictures were taken by the amateurs who owned kodaks; and it was indeed a beautiful sight. Several large American flags floated overhead, and the gay throng and scores of cars and various other vehicles and the loaded tables with the mountain peaks for a background, altogether made a picture not soon to be forgotten.

The Governor and one or two other prominent men in public life were expected to be present on this occasion but were unavoidably prevented from fulfilling their engagement, and wired at the last moment their
